

Jayanth Raghothama

Scientist, Manager

Profile

Experienced scientist and manager, tenured faculty at KTH Royal Institute of Technology, Stockholm, Sweden. Expertise in machine learning and simulation methods. Leading and working on healthcare projects since 2019, for early detection, risk stratification and care improvement, covering Colo Rectal Cancer, Small Cell Lung Cancer, Endometriosis, Mental Health and Wellbeing, and other conditions. Part of initiatives on improving semantic interoperability and data harmonization for Childhood Cancer, using (meta) ontologies and knowledge graphs. Worked on research projects on urban planning, transportation, energy and agriculture prior to 2019.

Experience

- 2023–Present **Associate Professor in Healthcare Logistics**, *Department of Biomedical Engineering and Health Systems, KTH Royal Institute of Technology, Stockholm*
Leading research projects on data driven health, developing machine learning and artificial intelligence models for early detection, risk assessment and improvement of care workflows. Projects cover multiple pathologies, multi-modal data and include significant work on data harmonization, using ontologies and knowledge graphs. Experience includes supervision and management of research teams including PhD students and post-doctoral researchers, teaching, and raising grants from various funding agencies.
- 2019–2024 **Vice-Director, KTH Digitalization Platform**, *KTH Royal Institute of Technology, Stockholm*
Co-ordinate projects and initiatives in Digitalization across the university. Responsible for implementing technical infrastructure for data management and governance, and programs for embedding data stewards across research groups. Manage research calls and make funding decisions. Organize inter-disciplinary workshops covering Digitalization and other domains, such as Life Sciences, Cyber Security, Energy and High Performance Computing.
- 2019–2023 **Assistant Professor in Healthcare Logistics**, *Department of Biomedical Engineering and Health Systems, KTH Royal Institute of Technology, Stockholm*
Lead and participate in research projects on mental health and wellbeing in children and young people, sustainable cities, and multi-omics modeling for Endometriosis. Responsible for creating secure, privacy compliant computational cloud services for research in healthcare. Supervise PhD, Masters and Bachelors students, initiate projects, and teach courses.
- 2017–2018 **Post Doctoral Researcher**, *KTH Royal Institute of Technology, Stockholm*
Research on sustainable cities.
- 2012–2017 **Doktorand (PhD Researcher)**, *KTH Royal Institute of Technology, Stockholm*
Developed ProtoWorld, a distributed, interactive simulation platform for urban planning and transportation. The platform integrates SUMO with other traffic simulations, and animates the integrated simulation at run time in Unity3D, providing a high fidelity, interactive platform for experimentation. The platform was used for planning traffic management strategies in the cities of Rome, Haifa, Venice, Berlin and Stockholm.
- 2012–2012 **Lead Engineer**, *Mango Games Interactive Pvt. Ltd., Bangalore*
Lead for a team of engineers developing online games.
- 2012–2012 **Lead Engineer**, *Edgemetric, Bangalore*
Lead for a team of engineers developing an analytics platform for advertising companies

- 2009–2012 **Research Engineer**, *Center for Study of Science, Technology and Policy*, Bangalore
 Research and development of simulations, models and games for policy analysis and design, covering agriculture, defense, urban planning and energy domains. Lead and mentor junior engineers. Organize events and workshops. Support funding applications.
- 2009–2009 **Research Intern**, *Center for Study of Science, Technology and Policy*, Bangalore
 Work on simulation models for agricultural supply chains, focusing on market dynamics and policy interventions.
- 2008–2009 **Teaching Assistant**, *International Institute of Information Technology*, Bangalore
 Teaching assistant for the Mathematical Foundations of Computing Course

Education

- 2012–2017 **PhD**, *KTH Royal Institute of Technology*, Stockholm
 Thesis Title: *Integrating Computational and Participatory Simulations for Design in Complex Systems*
- 2007–2009 **Master of Technology in Information Technology**, *International Institute of Information Technology*, Bangalore
- 2003–2007 **Bachelor of Engineering in Computer Science**, *Visvesvaraya Technological University*, Bangalore

Grants

- WASP, 2024 PI, Integrating AI in Healthcare Education, 468k SEK
- EU Horizon Europe, 2024 Co-PI, Demonstrating transformative solutions to empower climate resilience towards improved public health status in the EU boreal region (AURORA), 7 Million EUR
- Digital Futures, 2024 PI, AI Based Detection of Colo Rectal Cancer in Primary Care, 1 Million SEK
- Digital Futures, 2023 Co-PI, Data Driven Improvement of Workflows at Karolinska University Hospital, 1 Million SEK
- Vinnova, 2022 PI, Vidareutvecklat ontologiverktyg som bas för nationell metadatakatalog, 700k SEK
- EU H2020, 2021 Co-PI, FEMaLe, Finding Endometriosis using Machine Learning, 6 Million EUR
- Lighthouse, 2021 Co-PI, Gamification for Waterbusses, 550k SEK
- TRENoP, 2019 PI, Health Accessibility in a Smart City, 1 Million SEK

Supervision

- PhD Students
- Arsineh Boodaghian Asl, Co-Supervisor
 - Luca Marzano, Co-Supervisor
 - Merja Hietanen, Co-Supervisor
 - Mikaela Hellstrand, Co-Supervisor
- Masters Theses
- 12+ Students
- Bachelor's Theses
- 12+ Students

Leadership

- Courses
- Leadership for Associate Professors, internal program at KTH
 - Partners in Learning, course on leadership for tenure track faculty at KTH

- Reviewing ○ Journal of Simulation & Gaming; Editorial Review Board, International Journal of Gaming and Computer-Mediated Simulations (IJGCMS); Editorial Review Board, International Journal of Game-Based Learning (IJGBL); British Journal of Education Technology (BJET); Journal of Biomedical Informatics
- Chair ○ Gaming, Winter Simulation Conference, 2018 - 2023
- Gaming in Supply Chains and Logistics, International Simulation And Gaming Association Conference

Technical Skills

Programming	Python	Machine Learning	Keras, Scikit-Learn
	GIS QGIS, PostGIS	Simulation	HLA, AnyLogic, SUMO
Databases	PostgreSQL, Neo4J	Libraries	RabbitMQ, Spark

Awards and Prizes

- Winner, Commutathon. Commutathon was a hackathon organized by Sverige Radio, Trafiklab and OpenLab on developing innovative smart city solutions using open data. My team mates Vinutha Magal Shreenath, Michael van den Berg, Miguel Ramos Carretero and I won this competition, judged by a jury of experts from Stockholm City, OpenLab, Trafiklab and Sverige Radio.
- First Runner Up, Google Product Prodigy 2009. Product Prodigy is a product design competition held by Google across India. The Big Kahuna, a map reduce framework implemented over browsers won second place in the 2009 edition of the competition.
- Sir M Vishveswariah Gold Medal for Best Male Student, July 2009, International Institute of Information Technology - Bangalore.

Teaching

- Applied Machine Learning and Data Mining, CM1001 and CM2007, Course Responsible and Examiner
- Teacher HM102V, CD1001, ML2302, CM2001, CM2010: Modules on Simulation, Ethics and Informatics

Presentations and Talks

- Nobel Week, 2023, Stockholm, Sweden. "Panel on Data Management and Governance"
- WinterSim 2022, Singapore. "A data-driven discrete event simulation model to improve emergency department logistics"
- ISAGA 2019, Warsaw, Poland. "Plenary Panel on the Philosophy of Simulations and Games"
- WinterSim 2017, Las Vegas, USA. "Hybrid, Composable Approach to Simulations in Health Care Operations and Management"
- ISAGA Summer School 2017, Stockholm, Sweden. "Fidelity, Validity and Realism"
- WinterSim 2015, Los Angeles, USA. "Distributed, Integrated and Interactive Traffic Simulations"
- ISAGA 2015, Kyoto, Japan "What do policy makers talk about when talking about simulations?"
- CUPUM 2015, Boston, USA "Gaming, Urban Planning and Transportation Design Process."
- Plenary interactive session of The Urban Game at the Metrex – The European network of Metropolitan regions at Milan Expo, 2015.
- Interactive session of The Urban Game with planners, Clarion Hotel, Stockholm, 2015.
- Games for Health, Utrecht, 2015. "Design Dimensions for Future Complex Systems: An integrated perspective towards health care".
- Nationella Konferensen I Transportforskning, Goteborg, Sweden, 2014 "Playing with Transport Policy Problems: An Agenda for Tools and Methodology."
- Interactive session for COMPLEX, of the Democracy game, Sigtuna, Sweden, 2014, "Stakeholder involvement in gaming and model reflection."
- DataSIM 2013, Hasselt, Belgium "Framework for Integrated Simulations and Gaming."
- ISAGA 2013, Stockholm, Sweden. "A Review of Gaming Simulation in Transportation."
- Artificial Economics, The Hague, 2011. "Indian Food Supply Chains: A Game and model to study economic behavior."
- Plenary interactive session "City Game" at Imagining Infrastructures, an international workshop organized by CSTEP, July 2011.
- Interactive Training session for first responders and emergency management personnel, Administrative Training Institute, Mysore, 2011.
- Interactive session "Playing a City Building Game" at the international workshop Research in a development context: Putting knowledge into practice, organized by Swissnex India and CSTEP, Bangalore, December, 2010.
- Interactive session "Aatakkuntu, Lekkakkuntu - Simulation of Participation and Planning in the Evolution of Bengaluru", at Mobilicity, an un-conference organized by CiSTUP, Indian Institute of Science and Praja, November, 2009.
- Role of Modelling, Simulation and Gaming for Policy Analysis, workshop organized by CSTEP and TUDelft, Bangalore, July 2009. "Mango Mandi - Semi perishable agricultural supply chains."

Other Scientific Work

- The Urban Game session at Reglab conference, 2015.
- ProtoWorld showcase at Smart City Expo in Barcelona, November 2015.
- ProtoWorld showcase at London's City Hall, for members of the Smart London Board.
- ProtoWorld showcase at EIT Digital Stockholm Results Day.
- ProtoWorld showcase at EIT Digital Paris Results Day.
- ProtoWorld showcase at Innovative City – Exhibitions and Conferences in Nice, 2015.
- ProtoWorld showcase at Tag Der Logistik, 2016.
- ProtoWorld workshop at Games and Learning Alliance Conference 2015, Rome.
- Member of the Organizing Committee of ISAGA 2013.
- Session Chair at ISAGA 2013.
- City Game session at India Urban Conference, organized by India Water Portal and Yale University, Mysore, India 2011.
- Member of Organizing Committee, Imagining Infrastructures, an international workshop organized by NGIL, CSTEP, Bangalore, 2011.
- Member of the Organizing Committee of NGInfra 2009: International Conference on Infrastructure Systems.
- Member of Organizing Committee, Role of Modelling, Simulation and Gaming for Policy Analysis, workshop jointly organized by CSTEP and TUDelft, 2009.
